That week should work for me. I have some standing meetings, but my calendar is relatively open.

Alexis/Shari/Manjali:

Forwarding Harry's suggestion that we next meet with OSM the week of March 21st. This may be Spring Break week for some, so, checking to see what availability, if any, you might have for a couple-hour meeting that week. If the week of the 21st does not work, please let me know your soonest availability. Thank you.

Tim - we need to set a date for our next meeting so I can let others arrange travel (likely only Bill Winters) ... if you provide comments on March 16 can we meet the week of March 21st? Harry

In response to your request, here is the list of cites from the draft final rule in which we have

Ex. 5 - Deliberative

Ex. 5 - Deliberative

We tentatively propose to

Ex. 5 - Deliberative

Ex. 5 - Deliberative

Ex. 5 - Deliberative

One other note: Please do not spend time (or have your staff spend time) reviewing Parts 783, 784 (except 784.20), and 817 (except 817.121) in the draft rule text currently in your possession. Those parts deal with underground mining and they are mostly identical to Parts 779, 780, and 816, respectively, for surface mining. Therefore, we have not revised the underground rules until we complete revisions to the corresponding surface mining rules.

Thanks,

Dennis
